Why choose Dell Latitude

INNOVATIVE DESIGN

Our ultra-premium 9000 series redefines innovation for ultimate productivity. A redesigned 7000, 5000 and 3000 Series ensure Latitude products are smaller and lighter than ever with narrow border screens featuring ComfortView Plus, a built-in solution that reduces harmful blue light while delivering excellent color. Latitude Thermal innovations including new graphene paints and Dell's unique Dual Opposite Outlet fan enable us to push the boundaries of performance while keeping systems cool. A wide array of ports allows for remote office or conference room setup. A modern keyboard and touchpad increase comfort and productivity. Flexible choices of laptops or 2-in-1s are offered with the same image and BIOS** to lessen IT complexity. Aluminum, carbon fiber and post-consumer recycled materials are built to last, having passed rigorous MIL-STD 810H tests.

INTELLIGENT COLLABORATION & CONNECTIVITY

Unparalleled collaboration, connectivity and untethered power increase the speed of productivity. Experience superior video calls with FHD and advanced cameras that brighten and sharpen images. Industry's first webcam SafeShutter[3] on our 9000 Series automatically opens or closes, or take control of privacy with secure camera and mic mute keys. Collaborate seamlessly with built-in speakerphone, powerful mics and intelligent audio to reduce background noises and echoes. Wi-Fi 6E allows 7 additional channels and more bandwidth to provide faster, smoother Wi-Fi. Or stay connected via 5G, 4G LTE and eSIM options.[4] New ExpressConnect finds the best access points and directs bandwidth to conferencing apps. A new class of Intel® Evo™ vPro® 9000 and 7000 products deliver businesses the built-in security features, manageability, and stability IT needs along with consistent responsiveness, long real-world battery life and instant wake for an exceptional user experience.

ADVANCING SUSTAINABILITY

Latitude leads the industry's most sustainable commercial PCs.[19] Latitude 5000 Series laptops were the first PCs to use reclaimed carbon fiber in the design and are the first to use bioplastics from trees in the lid.[5] The manufacturing process creates a lower carbon, energy and water footprint, reducing CO_2 emissions equal to 24.2 million miles driven, saving energy to power 5,564 homes for 1 yr, and conserving enough water to fill 226 Olympic-size pools.[6] Sustainable choices including waterborne paint and ocean bound plastics are in more products as we reach EPEAT Gold[18] across the portfolio and continue our commitment to end-to-end sustainability.

LATITUDE FAMILY TOP FEATURES

- Small and light devices to work anywhere
- Dell Optimizer with Express features to increase productivity
- Intelligent audio and speakerphone* for better collaboration
- Narrow border screens with privacy SafeShutter and SafeScreen
- Premium carbon fiber and aluminum options
- Choice of OS including Chrome Enterprise
- World renown battery life and Super Low Power panels for longer run time
- Scalable & flexible form factors; 2-in-1 option with the same image & BIOS**
- Fast connectivity options including Wi-Fi 6E, Wi-Fi 6, 5G, 4G LTE & eSIM[4]

- Advanced thermal solutions
- Most secure commercial PCs[2]
- Dell Technologies Unified Workspace
- Rigorous MIL-STD 810H testing for durability & reliability
- EPEAT Gold, sustainable packaging and supply chain choices

Meet the Dell Latitude Family

LATITUDE 9420 LAPTOP OR 2-IN-1

Redefining collaboration on the world's smallest, most intelligent 14" ultra-premium commercial PC.[20, 1] Present flawlessly with 3D speakerphone & intelligent audio, advanced camera technology with industry's 1st automatic SafeShutter.[3] Stay connected anywhere with ExpressConnect, Wi-Fi 6E readiness, 5G, and eSIM options.[4] Stretch the limits of productivity with 66% more CPU power gen over gen and 5% larger 16:10 screen with ComfortView Plus. Intel® Evo™ vPro® verified. Choose from laptop or 2-in-1.

LATITUDE 9520 LAPTOP OR 2-IN-1

This long running business PC is the world's most intelligent ultra-premium 15.0" PC in the size of a 14".[1] Take conferencing to the next level with speakerphone quality with Intelligent Audio and a brighter 4K InfinityEdge screen with ComfortView Plus. Dell Optimizer built-in AI adjusts to how you work, wherever work happens. Intel® Evo™ vPro® verified. Choose from laptop or 2-in-1.

LATITUDE 7320 | 7420 LAPTOP OR 2-IN-1, 7520 LAPTOP

The world's smallest premium business PCs[22] with the built-in AI of Dell Optimizer and new ExpressConnect make you more productive than ever. Featuring FHD cameras and even brighter 4K or FHD screens with ComfortView Plus. Bring your A-game with high-performing mics plus Intelligent Audio to reduce background noise and echoes. A new 15.6" size provides more screen space to maximize productivity when working remotely. Intel® Evo™ vPro® verified. Choose from laptop or 2-in-1 on the 13" and 14".

LATITUDE 7320 DETACHABLE

The world's most powerful, secure, and serviceable business detachable[7] is also the most intelligent featuring ExpressSign-in.[1] We stretched the 13" screen to the edge and packed all the security in a 12" footprint. Featuring our brightest screen with ComfortView Plus, FHD camera and Dell Optimizer. Take your presentation to the next level with high-performing mics plus Intelligent audio to reduce background noise and echoes. Add the world's fast charging pen for a detachable that charges to 100% within 30 seconds[23]. Intel® Evo™ vPro® verified.

Keyboard & pen sold separately

LATITUDE 5320 LAPTOP OR 2-IN-1, 5420 | 5520 LAPTOPS

The perfect balance of performance, scalability and sustainability. New 5000 Series PCs are the smallest in their class[21] and the 1st to use 21% bioplastics from trees in the lid.[5] These scalable laptops feature a brighter FHD screen, a new 4K option - both with ComfortView Plus, FHD camera, extended battery life and touchless wake & lock with ExpressSign-in. Take calls to the next level with high-performing mics plus Intelligent audio to reduce background noise and echoes.

LATITUDE 5400, 5300 2-IN-1, AND 7410 CHROMEBOOK ENTERPRISE

chrome enterprise

Trusted Latitude features, now with Chrome Enterprise. Versatility and performance meet a secure cloud-native experience. World's smallest 13" 2-in-1 CBE device on the 5300 2-in-1[15]. And on the 7410, world's longest battery life of any Chromebook with a 10th Gen Intel processor[16], with up to 21 hours[17].
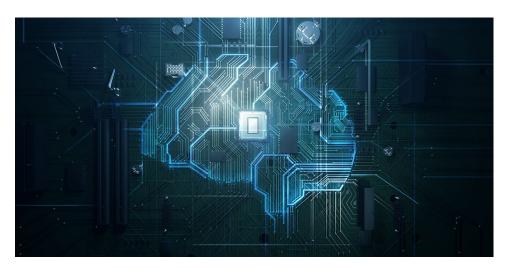

LATITUDE 3310 2-IN-1 | 3320, 3420, AND 3520 LAPTOPS

Offering business-class performance plus sleek and professional design, any company can power through any day with the Latitude 3000 series. Excel with the built-in AI of Dell Optimizer on the 3320, 3420, and 3520, and empower collaboration with the 360-degree hinge on the 3310 2-in-1. Drive enhanced connectivity and up-leveled productivity with a vast array of customization options. In this essential commercial notebook space, the 13" 3320 is the world's smallest and lightest,[24] while the 14" 3420 and the 15.6" 3520 achieve the world's longest battery life.[25]

The world's most intelligent PCs featuring Dell Optimizer

The World's most intelligent PCs with built-in AI learns and adapts to the way you work* so you can be your most productive. Dell Optimizer improves application performance and battery run time; it enhances your audio, ensures you have the best network connectivity, and allows for faster sign-in. Dell Optimizer delivers a personalized performance that is as unique as you are.

ExpressConnect
Experience seamless Wi-Fi. New ExpressConnect[8] automatically joins the strongest access point in the office and directs bandwidth to conferencing applications, wherever you work.

ExpressResponse
With Intel® Adaptix™ Technology, prioritize your most important apps, so they open faster and perform better.[9]

ExpressSign-in
Get to work fast with our PC proximity sensor enabled by Intel® Context Sensing Technology that detects your presence to instantly wake and log you in via the IR camera and Windows Hello, all without lifting a finger. It locks when you walk away, so your work stays safer.[10]

ExpressCharge
Dell Optimizer extends runtime and improves battery performance by adapting to your patterns. ExpressCharge Boost delivers up to 35% charge in about 20 minutes, or up to 80% charge within 40 minutes with ExpressCharge 2.0 on our 9000 products.[11]

Intelligent Audio
Collaborate like you're in the same room. Intelligent Audio enhances your audio quality and reduces background noises, so you can hear and be heard, creating a better conference experience for all.

Recommended accessories

AT THE DESK

With fast high-power delivery of up to 65Wh, this power bank can charge the widest range of USB-C laptops, and mobile devices.

DELL PREMIER SLIM BACKPACK 15 | PE1520PS

Travel light while making a positive impact on the environment by selecting the compact, eco-friendly backpack with EVA foam cushioning to protect your laptop from impact.

Workforce Modernization

It's more than a concept; it's our approach to modernizing your workforce. Our products, solutions and services support your IT team and help your employees work from home, the office, or a combination of both — simplifying and streamlining their work-life even if they're always on the move.

Dell Software & Services Solutions

END USER DEVICES

Provide the right device with the right software for any setting to give employees satisfaction and business perspective.

SUPPORT

Automatically detect and proactively prevent issues through predictive analytics. Use our AI-driven insights to resolve issues remotely or leave time-consuming support issues in our hands with 24x7 access to our hardware and software experts.

DEPLOY

Quickly get employees to work and save valuable IT time by provisioning applications at the factory and shipping ready-to-use devices directly to employees wherever they work.

Enhanced efficiency

Actionable insights

Optimized experiences

MANAGE

Take advantage of the console of your choice to set up, configure, monitor and update your entire endpoint fleet. Securely deliver and manage applications from the cloud, giving users smooth access to any device, including from other vendors.

SECURE

Use intelligent solutions that secure endpoints from both above and below the OS. Prevent, detect and remediate attacks. Detect outside attacks that have altered the BIOS. Encrypt sensitive data on devices and in the cloud. Protect credentials with built-in hardware.

aaS

You can enjoy modernization through different consumption models:
Traditional cash purchase outright or as fixed monthly plan with no upfront investment.
